**Demonstrated Community Support:** The Appropriations Committee made clear that community engagement and support are crucial in determining which projects are worthy of Federal funding. If your organization plans to apply for Community Project Funding, your application will need to include evidence of community support, such as:

- Letters of support from elected officials or community partners (**TIP!** Have supporters address letters to your organization so that you can use the same letter for House Senate requests);
- Press articles highlighting the need for the project;
- Support from editorial boards;
- Projects listed on State intended use plans, community development plans, or other publicly available planning documents; or
- Resolutions passed by city councils or boards.

**Support Documents.** In addition to completing the online form, please email supporting documents and overviews of your community Project Funding request to [Jill.Hunter-Williams@mail.house.gov](mailto:Jill.Hunter-Williams@mail.house.gov)

**Senate Appropriations.** Importantly, the House and Senate project request Independent. Representative Davis encourages you to contact Senator Durbin and Senator Duckworth to understand their Appropriations processes and deadlines for congressionally directed funding to give your organization the best chance of being selected for funding.

**Informational Webinar.** Join us for an informational meeting about Community Project Funding to learn about best practices for putting together a compelling application and to ask specific questions about the process. The meeting will be:

- **Wednesday March 30, 2022, From 5:00 p.m. – 6:00 p.m. CST. Register [here](#).**
